Our History

The Institute, built in 1868, is a NYC Landmark and is home of the first free Kindergarten in the United States. It served as the town hall of the area housing a library; English classes; Vocational Training; Singing Societies and a Sheriff's Office. Two jail cells remain and are always a fun stop during a public tour.

Our Mission

To preserve the history of College Point and its landmarked Poppenhusen Institute building, while continuing to provide affordable, often free, cultural, educational, and historical programs, open to all.

Recent Capital Projects

Installation of an Elevator and a Window Restoration Project is presently in design phase.

Our Programs

Piano Lessons, Family Painting, Adult Sip & Paint Classes, Adult Exercise Classes, Garden Concerts, Multicultural Musical Performances, School & Individual Tours of the Institute and Community, an Oral History Project, and a Native American Exhibit . We also have Unique Meeting & Party rental spaces.
